INSTRUCTIONS

This form is to enable you to choose all the images you'd like to go into your album. Each page is numbered and shown as it would be seen, ie, the cover page is obviously the first page you see, the next two, ie, 2 & 3, are seen as a double page spread, etc. Please bear this in mind when choosing images.

You can choose between 1 and 9 images per page, eg, a favourite may be on it's own, or a series of guest shots may be grouped together. If one of the images on a page is a favourite, please circle this number.

Please note any images you do NOT want to appear in the album in the box below, if applicable.

We may occasionally add to or subtract images from your layout to enhance the storytelling and design of the album.

NOTES
